Almuñécar & La Herradura

Almuñécar is located in the heart of Costa Tropical. This coast meanders along a shoreline of picturesque beaches and pristine coves, complimented by the beautiful backdrop of the mountains and the warm waters of the Mediterranean. It is located within the Province of Granada in the Autonomous Community of Andalucía.

Therefore, this stretch of the coast offers visitors the unique opportunity of enjoying a subtropical micro climate in southern Spain, nestled between Costa del Sol of Málaga and Costa de Almería. The average temperature is 20° Centigrade (68°F) with approximately 300 days of sunshine a year. The summer months can reach near 32° Centigrade (89°F) and the winter months 9° Centigrade (48°F). This Spring like climate has helped the gentle slopes and fertile plains that rise up from the beach to grow a large variety of produce and tropical fruits. Culture & Charm

The Tropical Coast is speckled with alluring typical Spanish towns and villages with a Moorish flair. Each of these offer the visitor a broad range of tourism possibilities, including all types of water-sports, outdoor activities, in addition to interesting culture and history. Costa Tropical is situated near 3 Airports (Málaga, Granada and Almería).

Good to know

Almuñécar Info should help you find answers to those odd questions like, "How do I pay a parking ticket?", "How do I get to Almuñécar from the airport?", "How do I fill my butane?", "What is the Almuñécar city bus schedule?". It doesn't matter if you are just moving to town, lived here for years or just visiting, you are bound to have questions and we hope to have the answers. Everything is written in English, just for you. Our business directory will help you figure out when things are open versus closed and more.

Of course sometimes a business will just put a sign up in their window stating they are 'on vacation', so we can only tell you what we know. If they don't provide the hours or days, then it is tough for us to share them with you. Go ahead and check out all of the things to do and places to eat. Thanks for visiting and please do contact us, if you feel there is something which should be covered.

2019 Spain National & Local Public Holidays

Grocery Stores are usually closed for all national holidays and some local holidays. We have done our best to point it out below, but do understand it can vary.

2019 Public School Holidays

The public schools usually run from the second week in September through the third week in June. They are typically closed for all of the national holidays and some of the local La Herradura and Almuñecar holidays. If one of those days happens to land on a Tuesday or Thursday, the schools may opt to have an additional day off (the Monday or Friday) to bridge the weekend.

- Junta de Andalucía public school calendar 2018/19
- The international school calendar in Almuñecar Granada will vary slightly from the public school calendar.
